

CITIZEN PETITION AGAINST CHUUK SECESSION & INDEPENDENCE

We, the undersigned, humbly request our representatives in the Chuuk State Legislature and our Honorable Governor Johnson Elimo, to stop the referendum on Chuuk secession and independence, based on the fact that the Chuuk Political Status Commission failed in its basic duties to thoroughly study all options for Chuuk financial sustainability beyond 2023 and the negative impacts on Chuukese citizens and our children living in the United States protected by the FSM Compact of Free Association.
